[Manchester Air Monitoring 20170908.pdf](#)

See the attached updated versions. There were no results from 9/7 for the discrete samples in scribe. Please let me know if there are any additional changes.

Thanks!

Got it.

Janelle here are the discrete monitoring locations from Scribe for the mapping

Also limit the map to the area around 225 and 610 we do not need to include the trip to and from the warehouse.

Somehow we also need to include the monitoring locations in Scribe as not all data is in viper. By day what we monitored that day. The locations have a LocationZone of Manchester and not all were measured every day.
